

IN THE CLAIMS

Please amend the claims as follows:

Claim 1 (Currently Amended): A method of treating rosacea in a patient in need thereof comprising
topically administering a pharmaceutical composition comprising fepradinol, at least one additive, and optionally, at least one other active ingredient, to the patient in need thereof, in an amount sufficient to treat the rosacea ~~Use of fepradinol for the preparation of a pharmaceutical composition and more particularly a dermatological composition for topical application, for treating rosacea.~~

Claim 2 (Currently Amended): ~~Use~~ The method according to Claim 1, wherein ~~characterized in that the~~ rosacea comprises four stages, and wherein the composition method is for treating at least one stage of the rosacea.

Claim 3 (Currently Amended): ~~Use~~ The method according to Claim 2 ~~either of Claims 1 and 2, characterized in that the composition method~~ is for treating the first stage of the rosacea.

Claim 4 (Currently Amended): ~~Use~~ The method according to Claim 2 ~~any one of Claims 1 to 3, characterized in that~~ wherein the composition method is for treating the second stage of the rosacea.

Claim 5 (Currently Amended): ~~Use~~ The method according to Claim 2 ~~any one of Claims 1 to 4, characterized in that~~ wherein the composition method is for treating the third stage of the rosacea.

Claim 6 (Currently Amended): The method of Claim 2 ~~Use according to any one of Claims 1 to 5, characterized in that~~ wherein the composition method is for treating the fourth stage of the rosacea.

Claim 7 (Currently Amended): The method of Claim 1 ~~Use according to any one of Claims 1 to 6, characterized in that~~ wherein the pharmaceutical composition contains comprises from about 0.0001% to 20% by weight, ~~preferably from 0.001% to 10% by weight and more preferentially from 0.1% to 6% of fepradinol.~~

Claim 8 (Currently Amended): The method of Claim 1 ~~Use according to any one of Claims 1 to 7, characterized in that the said~~ wherein the pharmaceutical composition comprises the at least one other active ingredient, and wherein the at least one other active ingredient is selected from the group consisting of ~~also contains another active agent chosen especially from the group of~~ antibiotics, antibacterial agents, antiviral agents, antiparasitic agents, antifungal agents, anaesthetics, analgesics, antiallergic agents, retinoids, free-radical scavengers, anti-pruriginous agents, keratolytic agents, anti-seborrhoeic agents, antihistamines, sulfides, immunosuppressant products, ~~and antiproliferative agents, and combinations thereof.~~

Claim 9 (Currently Amended): The method of Claim 1 ~~Use according to any one of Claims 1 to 8, characterized in that the said~~ wherein the pharmaceutical composition comprises the at least one other active ingredient, and wherein the at least one other active ingredient is ~~also contains~~ metronidazole.

Claim 10 (Currently Amended): ~~The method of Claim 1~~ Use according to any one of Claims 1 to 9, characterized in that the composition contains an wherein the at least one additive chosen is selected from the group consisting of ~~from the group of~~ sequestrants, antioxidants, sunscreens, preserving agents, fillers, electrolytes, humectants, dyes, common mineral acids, common mineral bases, common organic acids, common organic bases, or organic acids or bases, fragrances, essential oils, cosmetic active agents, moisturizers, vitamins, essential fatty acids, sphingolipids, self-tanning compounds, skin calmativ and protective agents, pro-penetrating agents, ~~and~~ gelling agents, and mixtures or a mixture thereof.

Claim 11 (New): The method of Claim 1, wherein the pharmaceutical composition comprises from 0.001% to 10% by weight of fepradinol.

Claim 12 (New): The method of Claim 1, wherein the pharmaceutical composition comprises from 0.1% to 6% of fepradinol.

Claim 13 (New): The method of Claim 2, wherein the pharmaceutical composition comprises the at least one other active ingredient, and wherein the at least one other active ingredient is metronidazole.

Claim 14 (New): The method of Claim 3, wherein the pharmaceutical composition comprises the at least one other active ingredient, and wherein the at least one other active ingredient is metronidazole.

Claim 15 (New): The method of Claim 4, wherein the pharmaceutical composition comprises the at least one other active ingredient, and wherein the at least one other active ingredient is metronidazole.

Claim 16 (New): The method of Claim 5, wherein the pharmaceutical composition comprises the at least one other active ingredient, and wherein the at least one other active ingredient is metronidazole.

Claim 17 (New): A method of making a pharmaceutical composition comprising, forming the pharmaceutical composition with fepradinol.

Claim 18 (New): A pharmaceutical composition comprising fepradinol, at least one additive, and optionally, at least one other active ingredient.

Claim 19 (New): The pharmaceutical composition of claim 18, wherein the pharmaceutical composition comprises the at least one other active ingredient, and wherein the at least one other active ingredient is selected from the group consisting of antibiotics, antibacterial agents, antiviral agents, antiparasitic agents, antifungal agents, anaesthetics, analgesics, antiallergic agents, retinoids, free-radical scavengers, anti-pruriginous agents, keratolytic agents, anti-seborrhoeic agents, antihistamines, sulfides, immunosuppressant products, antiproliferative agents, and combinations thereof.

Claim 20 (New): The composition of Claim 18, wherein the pharmaceutical composition comprises the at least one other active ingredient, and wherein the at least one other active ingredient is metronidazole.
